Sruthi Sasidharan

Python Django Full Stack Developer

Phone number: +91 7561003617
Email address: sruthisasidharan1512@gmail.com
LinkedIn : https://www.linkedin.com/in/sruthi-sasidharan-8a2b40212/

Profile:

Python Django Full stack developer with 3+ years of experience in designing and developing scalable web applications, proficient in building RESTful APIs for mobile and web platforms, with strong expertise in Django ORM and writing clean, reusable, testable, and efficient Python code.

Professional Experience:

Datahub Technologies R&D Pvt Ltd **Kakkanad, Ernakulam**
Python Django Full Stack Developer **01/2022 – 10/2025**
https://datahubtechnologies.com/

• Wrote reusable, testable, and efficient Python code following best practices.
• Implemented the Model-View-Controller (MVC) architecture in web applications using the Django framework.
• Participated in the full Software Development Life Cycle (SDLC), including requirements gathering, analysis, design, development, and system testing.
• Developed RESTful APIs to support third-party mobile application integrations.
• Utilized AJAX to update web page components asynchronously, enhancing user experience by reducing full page reloads.
• Created and maintained technical documentation for reference and reporting purposes.
• Collaborated with cross-functional teams, including UI/UX designers and front-end developers, to ensure seamless user experiences.
• Managed source code using version control tool Git
• Contributed to the development of two software products: AMSTIN and Mobpro.

Projects:

Document Management Portal – Mane Kancor QA Department
Technologies: Python, Django, HTML, CSS, AJAX, MySQL
• Developed a robust web-based portal to streamline organizational processes such as Document Management, Supplier Quality Management, Audit Management, Change Management, and Training Modules, significantly improving efficiency and compliance tracking.
• Centralized document repository ensured quick access to critical information and reduced redundancy.
• Utilized Python, Django, HTML, CSS, and MySQL to design a user-friendly, responsive platform.
• Implemented secure user authentication and role-based access control to manage document permissions and ensure data confidentiality.
• Optimized MySQL queries for high performance and accurate handling of large datasets.
• Enhanced the training management module, allowing employees to enroll in courses and track their progress.
• Collaborated with cross-functional teams to gather requirements, prioritize features, and deliver solutions aligned with business goals.

Extended Warranty Selling Platform – PDigital, Dcare, Gulfown and CM Mobiles
Technologies: Python, Django, Django REST Framework (DRF), MySQL, Docker
• Developed a full-featured platform to manage and sell extended warranty plans for electronic products, tailored to diverse customer needs.
• Ensured a secure, scalable backend using Python and Django, with efficient MySQL database integration.
• Integrated REST APIs to connect the web platform with a mobile application, providing a seamless user experience across devices.
• Utilized Docker containers for consistent development environments and efficient dependency management.

Skills

Programming Languages and Frameworks
•Python •Django •DRF (Django Rest Framework)
Database Management
•MySQL
Version Control
• Git
Web Technologies
• HTML • CSS • Ajax • ORM(Object Relational Mapping)
Additional Skills
•Troubleshooting & Debugging • Cross functional collaboration

Certifications

Luminar Technolab **Kakkanad, Ernakulam**
Python Full Stack Web Development **01/2021 – 06/2021**
https://www.luminartechnolab.com/
NCCT Approved Python Full Stack Web Development Expert

Education:

- Master of Computer Application (MCA)
  SASTRA University - Pursuing
- Bachelor of Computer Application (BCA)
  NRI Institute, Bangalore University -Graduated :2020
  CGPA: 8.05 / 10
